Version 1.0 · January 2024 · RS-APAC-2024

Owner: APAC VP of Sales

1. Regional Overview

APAC is our fastest-growing region, contributing **22% of global ARR** in FY2023 and targeted to reach **27% by end of FY2024**. The region spans eleven countries across three time zones, managed from Singapore with sub-offices in Tokyo, Sydney, and Mumbai.

Market	% of APAC ARR (FY2023)
Australia / New Zealand	38%
Japan	27%
South Korea	14%
Southeast Asia (SGP, TH, ID, MY)	12%
India	9%

2. FY2024 Targets

Metric	Target
New ARR	USD 9,200,000
New logos	38 new customers
Average Selling Price	USD 242,000
Win rate	31% or above
Pipeline coverage	3.5x or above (above global minimum of 3.0x)
Sales cycle	95 days or fewer (APAC cycles longer due to procurement complexity)
Churn	6% or below

3. Key Accounts — Strategic Tier 1

The following accounts receive quarterly executive business reviews (EBRs), dedicated CSM coverage, and priority access to product roadmap sessions.

Account	Country	Current ACV	Renewal

RENEWAL RISK — Korea Telecom Data Div.: Procurement reorganisation underway; executive sponsor is unclear. Regional VP leading senior outreach campaign. Escalation plan in place.

4. Priority Growth Verticals

4.1 Financial Services

Primary vertical in APAC. Regulatory pressure to improve data lineage is a core differentiator. **Target ICP:** Head of Data Analytics at banks with AUM above USD 20B. FY2024 new logo target: 14 logos.

4.2 Telecommunications

Target ICP: Chief Data Officer at telcos with more than 5 million subscribers. FY2024 new logo target: 8 logos.

4.3 Retail and E-commerce

Target ICP: VP of Commercial Analytics at retailers with revenue above USD 500 million. FY2024 new logo target: 6 logos.

4.4 Public Sector (selective)

Partner-led deals only — no direct government pursuit without a registered local partner.

5. Growth Initiatives FY2024

5.1 Japan Market Acceleration

- Hire three Japan-based AEs in Q1 2024 plus a dedicated Japan partner manager
- Target: Increase Japan new logos by 40% year over year

5.2 India Entry — Bangalore Expansion

- Partner-led in Tier 2 cities (Hyderabad, Pune); direct in Tier 1 (Bangalore, Mumbai, Delhi NCR)
- FY2024 target: 12 new logos in India

5.3 Partner Ecosystem Build

- Current partner-sourced revenue: 18% of APAC ARR. Target: 28% by end FY2024
- Key partners: Deloitte Digital APAC, Accenture Singapore, PwC Australia, Infosys Japan

5.4 APAC Customer Advisory Board

- Launch Q2 2024 with 8-10 Tier 1 accounts. VP chairs. Meetings twice per year in Singapore

6. Competitive Landscape — APAC

Competitor	APAC Win Rate	Counter-strategy
DataRival	51%	Lineage and audit trail; DataRival has 5 Tier 1 Japan references but no native lineage
LocalStat (Japan only)	78%	Rarely appears in enterprise; dominant in SMB only
Salesforce Analytics	44%	Best-of-breed argument; data lineage vs embedded BI

7. Discount Authority — APAC

- Enterprise accounts (USD 150,000 ACV and above): Standard + 5%. Maximum APAC enterprise discount: 20%
- APAC Regional VP authority: approve up to 25% without CFO involvement
- Above 25%: standard CFO approval process applies

8. FY2024 Headcount Plan

Role	Count	Market
Account Executives	3	Japan
Account Executives	2	India
Account Executive	1	Southeast Asia

Role	Count	Market
