

Regional Strategy

Europe, Middle East and Africa (EMEA) — FY2024

Version 1.0 · January 2024 · RS-EMEA-2024

Owner: EMEA VP of Sales

1. Regional Overview

EMEA is our largest region by ARR, contributing **41% of global revenue** in FY2023. Operated from London HQ with offices in Frankfurt, Paris, Amsterdam, Stockholm, and Dubai. GDPR, national data sovereignty laws, and financial services regulation (MiFID II, PSD2) create both compliance challenges and sales opportunities. Our data lineage and audit trail features are frequently cited as differentiators in regulated industries.

Market	% of EMEA ARR (FY2023)
United Kingdom	29%
Germany / DACH	22%
France / Southern Europe	17%
Nordics	14%
Benelux	9%
Middle East / Africa	9%

2. FY2024 Targets

Metric	Target
New ARR	USD 15,800,000
New logos	54 new customers
Average Selling Price	USD 292,000
Win rate	27% or above
Pipeline coverage	3.2x or above

Metric	Target
Sales cycle	112 days or fewer (EMEA enterprise cycles longest due to legal processes)
Churn	7% or below

3. Key Accounts — Strategic Tier 1

Account	Country	Current ACV	Renewal
Barclays Analytics Group	UK	USD 920,000	Oct 2024
Deutsche Bank Data Platform	Germany	USD 780,000	Jan 2025
BNP Paribas Data Science	France	USD 640,000	Apr 2025
Vodafone Analytics	UK	USD 510,000	Jun 2024
Ericsson Data Intelligence	Sweden	USD 420,000	Sep 2024
ADNOC Digital	UAE	USD 390,000	Mar 2025
Allianz Analytics	Germany	USD 365,000	Dec 2024
Unilever Data Hub	Netherlands	USD 310,000	Nov 2024

CRITICAL RENEWAL — Vodafone Analytics (Jun 2024): Procurement evaluating DataRival as alternative. EMEA VP personally managing this account. Competitive bake-off scheduled February 2024. Do NOT reduce price without VP approval. Focus on data lineage differentiation.

4. Priority Growth Verticals

4.1 Financial Services

EMEA FS is our highest-value vertical globally. GDPR and MiFID II create mandatory data governance requirements that align directly with our platform capabilities. **Target ICP:** CDO or Head of Regulatory Reporting at banks with AUM above EUR 50 billion. FY2024 FS new logo target: 18 logos.

4.2 Telecommunications

M&A; activity in the sector creates migration opportunities as telcos standardise data platforms post-merger. FY2024 Telco new logo target: 10 logos.

4.3 Manufacturing and Automotive

Germany and the Nordics represent significant untapped opportunity. Key partners for this vertical: Siemens Digital Industries, SAP. FY2024 target: 8 logos.

4.4 Energy and Utilities

Growing demand in the Middle East (national digital transformation programmes) and Northern Europe (renewable energy analytics, grid management). FY2024 target: 6 logos.

5. Growth Initiatives FY2024

5.1 DACH Acceleration

- DACH = 22% of EMEA ARR but only 16% of new logos in FY2023
- Launch dedicated EU Cloud data residency offering (Frankfurt) in Q2 2024
- Target: Increase DACH new logos by 35% year over year

5.2 Middle East Expansion

- UAE and Saudi Arabia priority markets aligned to national AI strategies
- FY2024 target: 5 new logos in UAE and KSA combined
- Go-to-market: partner-led via Accenture Middle East and IBM Saudi Arabia

5.3 GDPR Compliance Positioning

- Updated GDPR enforcement in 2023 increased demand for data lineage tools
- Q1 2024 marketing campaign targeting DPOs at enterprises above EUR 1 billion revenue in UK, Germany, France

5.4 Nordics Partnership Expansion

- Expand partner network to EY Finland and KPMG Norway in H1 2024
- Existing relationships: PwC Sweden and Deloitte Denmark

6. Competitive Landscape — EMEA

Competitor	EMEA Win Rate	Counter-strategy
DataRival	54%	Regulatory compliance; audit trail; DataRival has no native lineage module
SAP Analytics Cloud	31%	Target non-SAP accounts; win analytics workloads SAP is not meeting
Tableau (Salesforce)	48%	Platform vs point-tool; TCO and data integration capabilities
Microsoft Fabric	TBD	Flag every Microsoft-competitive deal to product team immediately

7. Discount Authority — EMEA

- Strategic markets (UK, Germany, France, Nordics) enterprise: Standard + 3%. Maximum: 18%
- Rest of EMEA: Standard schedule applies
- UAE and KSA government-adjacent accounts: EMEA VP may approve additional 5%

8. FY2024 Headcount Plan

Role	Count	Market
Account Executives	4	DACH (2) and Middle East (2)
Account Executives	2	Nordics expansion
Customer Success Managers	2	Germany and UAE
Partner Managers	2	DACH and Middle East
Sales Engineers	2	Regional
EMEA Marketing Manager	1	Field marketing
Regional Legal Counsel	1	GDPR and contract specialist

Current EMEA headcount: 67 total — 32 quota-carrying reps, 11 SEs, 10 CSMs, 6 SDRs, 5 partner managers, 3 operations.

9. Risk Register

Risk	Likelihood	Impact	Mitigation
Vodafone renewal loss	High	High	VP-led intervention, bake-off preparation Q1 2024
DACH slow adoption	Medium	Medium	EU data residency launch Q2 2024
Microsoft Fabric expansion	Medium	High	Competitive win cards, product team escalation
FX headwinds (GBP/USD)	Low	Medium	Multi-currency contracts
GDPR enforcement changes	Low	Low	Monitor quarterly, update messaging
